# Automotive Chemicals

Automotive cleaning is an important aspect of vehicle ownership. From a single family car to an HGV fleet, having the correct cleaning products to hand allows customers to maintain clean vehicles, from bikes through to heavy plant and rolling stock. Our automotive range of products is ever evolving as new technology develops new materials for novel applications.

## AC1

### TRAFFIC FILM REMOVER

A highly concentrated alkaline pressure washer additive, designed with controlled foam levels to ensure a free-rinsing finish and effective degreasing action. Excellent for removing heavy layers of traffic film, grease and dirt and is ideally suited for removing built-up grease in the engine compartment.

## AC2

### TRAFFIC FILM REMOVER + WAX

A highly concentrated alkaline pressure washer additive, designed with controlled foam levels to ensure a free-rinsing finish and effective degreasing action. Traffic Film Remover + Wax has the added benefits of a water dispersant to produce a wax like finish.

## AC3

### BODY AND CURTAIN WASH

A concentrated alkaline detergent suitable for cleaning cars, vans, lorries, tankers, curtain-sided vehicles and commercial vehicles to remove traffic film, grease and dirt. Developed for cleaning vehicles throughout the automotive and transport industry for use on curtain sided vehicles, for the removal of traffic film and heavy soiling from curtains and tilts etc.

## AC4

### CHASSIS WASH

A powerful, concentrated, alkaline pressure washer additive suitable for removing heavy layers of traffic film, grease and dirt and is ideally suited for removing built-up grease in the engine compartment. Chassis Wash is suitable for cleaning all heavy plant machinery and equipment, lorries, tankers, and as an effective pre-MOT test cleaner on chassis and under body areas

## AC5

### SNOW FOAM (pH NEUTRAL)

Specially formulated for application via pressure washer foam lances, this neutral pH Snow Foam produces a blanket of rich lather to cover your vehicle. The movement of the bubbles in the foam gently lifts dirt away without scratching the surface unlike traditional sponges or wash mitts.

## AC6

### SNOW FOAM (ALKALINE)

Specially formulated for application via pressure washer foam lances, this heavy duty alkaline Snow Foam produces a blanket of rich lather to cover your vehicle. The movement of the bubbles in the foam gently lifts dirt away without scratching the surface unlike traditional sponges or wash mitts. For use on heavily soiled vehicles, plant, curtain sided vehicles, tilts, etc.

# Automotive Chemicals

AC7

## WASH AND WAX

Wash & Wax is a viscous liquid shampoo for hand use to clean and shine all vehicles. Wash and Wax is highly concentrated and contains advanced surfactants which leaves a shiny finish that is free from streaks and spotting. Ideal for the regular cleaning of vehicle paintwork, bodywork, plastic, rubber, perspex and aluminium.

AC8

## ENGINE AND CHASSIS DEGREASING SOLVENT

Engine And Chassis Degreasing Solvent has been specifically developed to clean oils, grease and grime from very dirty surfaces, factories, garages, engineering shops etc. Formulated to be emulsifiable with water, Degreasing Solvent is also a good product for cleaning oil spillages as well as dirt, oil and grease from engines, concrete floors, walls etc.

AC9

## ALUMINIUM CLEANER

Aluminium Cleaner is a powerful acidic product formulated for the removal of oxide film and ingrained dirt. This is a powerful blend of acids and will remove the heaviest deposits of corrosion, dirt and grime from aluminium. Aluminium Cleaner quickly cleans and restores aluminium bodied vehicles.

AC10

## TAR AND BITUMEN REMOVER

A fast effective solvent based product designed for the rapid removal of bitumen, glue and tar from all painted surfaces. This product contains emulsifiers to enable rinsing off with water.

AC11

## CARPET SHAMPOO

A carpet and upholstery shampoo for use on water washable colourfast carpets and fabrics, through spray extraction machines which removes a wide range of soiling and revitalises the pile and look of fabrics, carpets and upholstery materials. It will destroy odour arising from body fluids, moulds, mites and general soiling.

AC12

## UPHOLSTERY SHAMPOO

A high foaming upholstery and carpet cleaner for manual use. Excellent for deep cleaning of the pile, as well as spot cleaning. Simply apply and agitate to create a foam which lifts the dirt away, then upon drying the dry foam can be vacuumed to leave a clean surface with no sticky residues.

# Automotive Chemicals

AC13

SCREENWASH / DE-ICER (CONCENTRATE)

This concentrated multi-purpose product can be used through a trigger spray for fast removal of ice. When diluted 1:4 in the screenwash bottle, it combines excellent anti-freeze properties with effective cleaning agents to give smear free vision throughout the year.

AC14

SCREENWASH / DE-ICER (RTU)

This ready to use multi-purpose product can be used through a trigger spray for fast removal of ice. When used in the screenwash bottle, it combines excellent anti-freeze properties with effective cleaning agents to give smear free vision throughout the year.

AC15

CRYSTAL CLEAR GLASS CLEANER

A ready-to-use, multi-purpose alcohol based glass and plastic cleaner for use through a trigger spray, which cuts through grease and dirt to leave a streak and smear-free, sparkling finish. Free from ammonia and abrasives, Crystal Clear is excellent for windscreens, mirrors, automotive glass, stainless steel, aluminium and all hard surfaces. Ideal for use in all forms of transport and automotive vehicles.

AC16

ANTIFOG

A specialist treatment for the inside of automotive glass. When applied to clean glass it prevents the build-up of fog, haze or misting of the glass in damp conditions. An essential safety aid in winter.

AC17

RAIN REPELLENT

A specialist treatment for the outside of automotive glass. When applied to clean glass it forms a hydrophobic coating that prevents water and dirt from building up on the surface of the glass in wet conditions. An essential safety aid in winter.

AC18

NEW CAR POLISH

A high quality polish containing a rich blend of silicones and waxes (including Carnauba Wax) for use on new and nearly new vehicles. A professional quality PDI car polish designed to enhance the finish of cars protecting the paintwork, leaving a gloss finish. For use in car valeting and the automotive and transport industries.

# Automotive Chemicals

AC19

UNIVERSAL CAR POLISH

A high quality polish containing a rich blend of silicones and waxes (including Carnuba Wax) for use on used vehicles. A professional quality car polish designed for the renovation of faded automotive paintwork cutting back the faded paintwork to leave a glossy finish. For use in car valeting and the automotive and transport industries.

AC20

LEATHER PROTECTION CREAM

A premium quality leather protection treatment for use on most types of leather goods and upholstery.

AC21

LEATHER CLEANER

A premium quality leather cleaner which cleans, freshens and conditions most types of leather goods and upholstery.

# BUILDING RENOVATION

# BUILDING RENOVATION

Maintaining the appearance of external building surfaces is one of the most challenging aspects of the construction industry. Products for this application need to be powerful, yet not detrimental to the fabric of the structure being treated. Our building and renovation product range has been specially put together to offer a solution to a variety of different and difficult situations effectively and efficiently over a wide range of materials.

## BR1

### SANDSTONE CLEANER

Sandstone Cleaner is a powerful acidic product formulated for the removal of dirt and grime from sandstone, unpolished granite, terracotta and bricks. It also removes iron stains from masonry.

## BR2

### YELLOW BRICK CLEANER

Yellow Brick Cleaner is a viscous acidic product developed specially to clean yellow bricks. The viscous nature of the product allows it to cling to vertical surfaces for an enhanced dwell time. Formulated to reduce the adverse dark stain which can result from using other products.

## BR3

### RED SANDSTONE CLEANER

Red Sandstone Cleaner has been developed for the quick and easy cleaning of red sandstone. Based on a blend of powerful mineral acids, this product prevents the formation of white incrustations that can appear on porous red stones.

## BR4

### MASONRY DEGREASANT GEL

A heavy duty alkaline gel formulation used for the breaking and removal of black carbon dust, oils and greases from any masonry surface. This formulation acts as a heavy duty masonry degreasant and can also be used for the total cleaning of calcited stone.

## BR5

### MASONRY DEGREASANT SPRAY

A heavy duty alkaline masonry degreasant designed for spray application for the cleaning of calcited stone and masonry. This formula can be applied with careful spraying for the breaking and removal of black carbon dust, greases, oils and acid wash.

# BUILDING RENOVATION

BR6

## LIMESTONE, MARBLE, AND PRECAST CONCRETE CLEANER

This innovative product quickly cleans carbon and sulphuric deposits from limestone, marble, precast concrete etc. Limestone, Marble, And Precast Concrete Cleaner is formulated as a weak acidic solution and can be used as a neutraliser after an alkali wash.

BR7

## DEGREASING SOLVENT

Degreasing Solvent has been specifically developed to clean oils, grease and grime from very dirty surfaces, factories, garages, engineering shops etc. Formulated to be emulsifiable with water, Degreasing Solvent is also a good product for cleaning oil spillages.

BR8

## MASONRY WATER REPELLENT

This specialised solvent based product inhibits the penetration of water into masonry, cement and stone surfaces. Recommended for use on external structures, it reduces dampness, water penetration and re-soiling.

BR9

## MID WASH

Mid Wash is ideal for the fast and efficient cleaning of vehicles, painted surfaces, tiles and floors, masonry, cement and stone. The technically advanced alkaline formula of Mid Wash makes it a universally suitable product which can be used on virtually any surface.

BR10

## ALGAE / MOSS AND MILDEW REMOVER (Q)

Algae / Moss and Mildew Remover (Q) is a quaternary based product which will kill algae, moss, and mildew safely and effectively. It aids the removal of undesirable growth from masonry and hard surfaces.

BR11

## ALGAE / MOSS AND MILDEW REMOVER (C)

Algae / Moss and Mildew Remover (C) is a chlorine based product which will kill algae, moss, and mildew safely and effectively. It aids the removal of undesirable growth from masonry and hard surfaces.

BR12

## CEMENT AND MORTAR REMOVER

Cement And Mortar Remover is a mineral acid based product which has been formulated for the rapid removal of cement and mortar stains from brick and sandstone. This versatile product can safely be used for the cleaning of concrete structures and concrete mixers.

BR13

## SILICONE WATER SEALER REPELLENT

A water based Silicone solution formulated as a water repellent for above ground use on porous exterior surfaces, etc. Can be used on a wide variety of exterior hard surfaces including brick, stone, masonry, concrete, cement / mineral boards, unglazed tiles, wood, canvas, leather, etc. Provides an effective waterproofing action – Remains permeable to vapour, so the structure can breathe.

# DRAIN CLEANERS

# DRAIN CLEANERS

Keeping drains clean and clear reduces the risks of flooding, overflows and malodours in commercial, industrial and domestic situations. Our range of drain cleaning products allows you to quickly and efficiently maintain sinks, drains and sanitary systems.

DC1

## CITRUS DRAIN CLEANER

A novel drain cleaner and maintainer based on citrus peel extracts. Citrus Drain Cleaner quickly dissolves oils, fats and grease, leaving a long and lingering citrus odour. Regular use of this product will keep drains clear, thus avoiding future blockages.

DC2

## BUSTER

A highly concentrate acidic drain opener for instant results. Based on Sulphuric Acid, Buster dissolves fats, grease, hair, body waste, toilet paper, tissues and sanitary towels.

DC3

## BIO-M

Fully biodegradable, biological activated concentrated enzyme. Bio-M is based on naturally occurring bacteria which live on oils, fats and organic matter. This is the latest development in bio chemistry. An ideal product to keep drains, grease traps, interceptors and pipelines clean and free flowing.

DC4

## FLOW

A concentrated caustic drain cleaner and plughole unblocker. For use on blocked and slow moving plugholes, drains and sanitary systems. The ideal product to dissolve hair, toilet paper, oil, fat and grease. Regular use will keep the drains free flowing.

DC5

## ANTISEPTIC DISINFECTANT

Antiseptic disinfectant concentrate: (RW 3/5) containing 1.2% Chloroxylenols. Designed for regular use on all hard surfaces to maintain clean and hygienic conditions. This product can be used safely on any water washable surface. Ideal to disinfect and deodorise washroom areas, toilets, urinals, floors, drains, rubbish bins, waste disposal chutes, carpets, entrance matting, sunbeds, sports equipment, etc.

DC6

## ODOURKILL

Highly perfumed re-odouriser for use in sewerage plants, farms and malodourous areas. Odourkill kills odour producing bacteria and fungi, neutralising unpleasant odours. Recommended for use in washroom areas, floors, toilets, urinals, drains and cisterns. Also highly effective on waste and rubbish bins, rubbish carts, waste disposal chutes, carpets and entrance matting.

# FLOOR CARE

# FLOOR CARE

Ease of use and economically formulated products means maintaining all types of floors and upholstery is quick and effortless, whatever the situation. We offer a range of products to suit all needs, from domestic to heavy duty.

## FC1 PRIDE

Pride is a high quality metallised floor polish giving maximum durability and a consistently brilliant sheen, used to impart an instant shine for plastic, vinyl, terrazo, linoleum, rubber and sealed wooden floors. One litre of product will cover fifty square metres.

## FC2 CARE

Care is a product for the cleaning and conditioning of most kinds of floors. Care is a pleasantly perfumed buffable floor cleaner and maintainer. Used to replenish and revitalise floors with metallised floor polishes. When used with polishing machines a highly polished low slip surfaced is produced.

## FC3 STRIP

Strip is a quick acting detergent with ammonia which will remove metallised, non-metallised and synthetic wax / copolymer based polishes quickly and efficiently. May be used via manual application or through a scrubber drier.

## FC4 HYDRO

Hydro is a highly effective, solvent free, bactericidal hard surface cleaner formulated for use via manual application (sponge, mop, brush or low pressure spray). Ideal for removing grease and grime. Hydro can be diluted 1:100 with water.

## FC5 HYDRO L/F

Hydro L/F is a highly effective, solvent free, bactericidal low foaming cleaner formulated for use in commercial scrubber drier machines. May also be used on hard surfaces via manual application. Ideal for removing grease and grime. Can be diluted 1:100 with water.

## FC6 MULTI CLEAN

A truly versatile hard surface cleaner which can be used on any surface. Its cleaning properties are boosted by a built-in aqueous co-solvent for excellent grease cutting ability. Multi Clean can be diluted 1:40 with water.

# FLOOR CARE

FC7

## CARPET SHAMPOO

A carpet and upholstery shampoo for use on water washable colourfast carpets and fabrics, through spray extraction machines which removes a wide range of soiling and revitalises the pile and look of fabrics, carpets and upholstery materials. It will destroy odour arising from body fluids, moulds, mites and general soiling.

FC8

## UPHOLSTERY SHAMPOO

A high foaming upholstery and carpet cleaner for manual use. Excellent for deep cleaning of the pile, as well as spot cleaning. Simply apply and agitate to create a foam which lifts the dirt away, then upon drying the dry foam can be vacuumed to leave a clean surface with no sticky residues.

FC9

## PINE FLOOR GEL

Ideal for cleaning wood, terrazo and concrete floors. Our superior pine floor gel exclusively uses pine oil of the very highest quality available which significantly enhances the cleaning power as well as imparting a clean and natural residual smell. Can be diluted 1:50 with water.

FC10

## LEMON FLOOR GEL

Ideal for cleaning wood, terrazo and concrete floors. Our superior lemon floor gel exclusively uses citrus oil of the very highest quality available which significantly enhances the cleaning power as well as imparting a clean and natural residual smell. Can be diluted 1:50 with water.

FC11

## ODOUR BAN

Odour Ban is used for the control and eradication of odours from carpet, wall coverings, upholstery, floors, refuse containers etc. Safe on most fabrics, carpets and other hard surfaces which are unaffected by water. Odour Ban neutralises odours and imparts a pleasant fragrance.

FC12

## LAMINATE FLOOR CLEANER

Laminate floor cleaner has been specially developed to clean laminate floors. Its special formulation leaves no residues. Pleasantly fragranced, economical and an easy to use product.

FC13

## DEFOAMER

A concentrated specialised de-foaming agent which can be added to liquid recovery tanks on cleaning machines. Defoamer controls detergent foam from the product being used and counteracts foam from any previous detergent residues on the surface. Suitable for eliminating foaming problems in recovery tanks of carpet extraction/spray extraction machines and scrubber driers, allowing tanks to be used to their full capacity, as well as other applications where the build-up of foam is undesirable.

# FOOD PROCESSING

# FOOD PROCESSING

Our products ensure total hygiene and thorough cleaning providing quality, safety and cost savings. Our hygiene products help prevent contamination and maintain high quality results. We offer an extensive range of sanitising, cleaning & disinfection products including foaming cleaners.

## FP1 CHLORCLEAN

A chlorinated detergent sanitiser that is ideal for daily disinfection in the food industry. Chlorclean sanitises and cleans all hard surfaces safely. Use on a regular basis for cleaning and disinfecting work surfaces, equipment, floors, walls, delivery vehicles, etc. Suitable for use in a range of industries, including; kitchens, bakeries, confectioners, meat preparation, breweries, shops, butchers, hospitals, restaurants and canteens.

## FP2 CAUSTIC FOAM

Caustic Foam is an odourless cleaner and sanitiser that will cope with a high level of soiling due to its caustic content. Suitable for use on all water washable surfaces. Application via a pressure washer fitted with a foam lance, makes it easy to use and essential for sanitising awkward areas. Ideal for vertical surfaces as the foam clings to the surface to allow a greater contact time, thus giving the product longer to work.

## FP3 POWERWASH

A powerful, alkaline cleaner and degreaser, designed to perform quickly to maintain hygiene in food environments. Ideal for cleaning food oils, fats, blood, dirt, industrial oils and grease from a multitude of surfaces such as concrete floors, industrial paintwork and painted floors, plastic walls and ceilings, ceramic tiles, plastic coatings, machinery and equipment, stainless steel etc. Ideal for use in slaughter houses.

## FP4 HYPO

A powerful bleach suitable for disinfecting and sterilising applications and as a biocide. Contains 4.5% active Sodium Hypochlorite.

## FP5 DAIRY HYPO

A concentrated industrial bleach suitable for heavy duty disinfecting and sterilising applications and as a biocide. Contains 12% active Sodium Hypochlorite.

## FP6 TRAYWASH

A concentrated low foaming product which can be diluted with water for use as an economical machine wash for trays, crates etc. Traywash is a water-based liquid that is 100% water soluble to provide a clean finish with ease of use.

# FOOD PROCESSING

## FP7 ODOURKILL

Highly perfumed re-odouriser for use in sewerage plants, farms and malodourous areas. Odourkill kills odour producing bacteria and fungi, neutralising unpleasant odours. Recommended for use in washroom areas, floors, toilets, urinals, drains and cisterns. Also highly effective on waste and rubbish bins, rubbish carts, waste disposal chutes, carpets and entrance matting.

## FP8 LEMON DISINFECTANT

A QAP30 triple action lemon fragranced disinfectant for general purpose disinfecting and for spray application for odour control. Cleans disinfects and deodorises in one action. Regular application protects surfaces from mould, bacteria and mildew.

## FP9 PINE DISINFECTANT

A QAP30 triple action pine fragranced disinfectant for general purpose disinfecting and for spray application for odour control. Cleans disinfects and deodorises in one action. Regular application protects surfaces from mould, bacteria and mildew.

## FP10 CIP (CLEANING IN PLACE) DETERGENT

A high performance detergent scientifically formulated for the CIP cleaning of food manufacturing facilities and production equipment. This highly "built" cleaning detergent is extremely effective for the removal of a diverse range of materials such as proteins and soil. CIP Detergent is a low foaming cleaning product proven to be hard water tolerant and suitable for use with most materials. CIP Detergent is an ideal choice for use in CIP (Cleaning in Place) and power wash / spray wash systems.

# HAND CLEANERS

# HAND CLEANERS

In all situations as well as high risk areas such as healthcare and food manufacturing it is essential to use products with proven cleaning properties. Our highly advanced range of products for hand hygiene are easy and economical to use with efficacy.

## HC1 CITRA BEAD

A citrus based heavy duty beaded hand cleaning gel. Citra Bead will clean dirt, oils, grease and paints leaving a soft feeling skin after washing. Citra Bead also eliminates offensive odours such as fish and onions.

## HC2 JAFFA GEL

A soft dispensable gel based on micro-beads and citrus oils. Ideal for normal usage as well as via pump dispensers, Jaffa Gel will clean dirt, grime and oils leaving the skin nice and soft.

## HC3 SLICK LIQUID SOAP

A high activity soap giving a very effective degree of cleaning action, leaving the skin feeling soft, fresh and clean. Slick can be diluted and still retain the viscosity of soap.

## HC4 PINK PEARL

Pink Pearl is a premium quality pearlised hand and body soap which can be used in any situation where cleaning and sanitising are of the utmost importance. Pink Pearl is a premium soap formulated using the highest quality ingredients to produce a rich, mild foam, which is suitable for use on all skin types. Ideal for use in washrooms, bathrooms and shower areas. Recommended for use in offices, health clubs, hotels, nursing and residential homes.

## HC5 WHITE PEARL

White Pearl is a premium quality pearlised bacterial lather soap and an ideal product where sanitisation is of utmost importance. White Pearl is a premium-grade soap formulated to produce a rich, mild foam, which is suitable for use on all skin types. Ideal for use in washrooms, bathrooms and shower areas. Recommended for use in food processing and catering establishments, hotels, nursing and residential homes.

## HC6 BARRIER CREAM

Universal (wet and dry) barrier cream protecting the skin from solvents, paints, resins, tar, ink, adhesive, oils and grease.

# HAND CLEANERS

## SANICHEM-2

**BS EN 1500 APPROVED MEDICAL HYGIENIC HAND GEL**

### PRODUCT INFORMATION

- 75% ISOPROPANOL CONTENT

# KITCHEN AND CATERING

# KITCHEN AND CATERING

When it comes to kitchen cleaning, from Commercial Catering, Restaurants or Hotels, to Canteens and Domestic Kitchens, customers require a range of products which provide consistently outstanding, cost-effective results at every stage of the cleaning and hygiene process. Our extensive portfolio of kitchen and catering products delivers exceptional performance and peace of mind.

## KC1

### OVEN AND GRILL CLEANER GEL

This product is a heavy duty caustic gel Oven and Grill Cleaner which rapidly removes oils, fat, grease and carbonising deposits from every part of ovens and grills. The viscosity of this product helps it cling to vertical surfaces allowing extended contact time.

## KC2

### OVEN AND GRILL CLEANER SPRAY

This product is a heavy duty caustic liquid Oven and Grill Cleaner which rapidly removes oils, fat, grease and carbonising deposits from every part of ovens and grills. This product is used as a spray on, wash off system.

## KC3

### DISH WASH

A powerful premium detergent for machine dishwashing to removes stubborn soiling with ease. Dish Wash has been formulated be used effectively in both soft and hard water areas. Suitable for all automatic dish washing machines in food and catering establishments. Ideal for washing cutlery, crockery, stainless steel and utensils. An excellent product for removing nicotine and lipstick stains.

## KC4

### GLASS WASH

A powerful premium detergent for machine dishwashing to removes stubborn soiling with ease. Glass Wash has been formulated to be used effectively in both soft and hard water areas. Suitable for all automatic glass washing machines in pubs, bars and catering establishments. Odourless, tasteless, with no ill effects on beer or spirits. Leaves glassware sparkling clear. An excellent product for removing lipstick stains.

## KC5

### PHOS DE-SCALER

An mildly acidic product formulated to descale automatic dish and glass washing machines to give fast drying and a sparkling finish to the cleaning cycle. Safe to use on crockery, cutlery and glassware.

# KITCHEN AND CATERING

## KC6 RINSE-AID

Rinse-Aid is a specially formulated rinse additive for all automatic dish and glass washing machines. It prevents spots and hazing on crockery and glassware, leaving a sparkling finish. Rinse-Aid is mildly acidic to neutralise detergent deposits. Suitable for use through automatic dosing equipment or by Manual dosing.

## KC7 BEER LINE CLEANER

Beer Liner Cleaner is a beer pump and pipeline cleaner that kills bacteria and yeasts, ensuring that beer stays in top condition. Beer Liner Cleaner is designed to clean beer pumps and pipelines quickly and efficiently. Cleans and sterilises all plastic and stainless steel; beer pumps, pipelines and tanks within the brewing industry. Extensively used in pubs, clubs, nightclubs, restaurants and bars to ensure that the quality of beer is maintained.

## KC8 TERSAN

A terminal sanitising product which cleans and kills viruses, bacteria, mould and fungi. This product is used where sanitising conditions are of the utmost importance.

## KC9 WASH-UP (GREEN)

A concentrate washing up liquid for domestic and commercial use. Ecological, mild & pleasantly fragranced. Wash-Up can be used to wash by hand glassware, dishes, crockery, ceramics, cutlery, pots, pans, kitchen utensils, etc. Also cleans glass, porcelain, aluminium, stainless steel, plastic, chrome, enamel, copper, etc.

## KC10 WASH-UP (YELLOW)

A concentrate washing up liquid for domestic and commercial use. Ecological, mild & pleasantly fragranced. Wash-Up can be used to wash by hand glassware, dishes, crockery, ceramics, cutlery, pots, pans, kitchen utensils, etc. Also cleans glass, porcelain, aluminium, stainless steel, plastic, chrome, enamel, copper, etc.

## KC11 FAD (FOOD AREA DEGREASER)

A bactericidal food area degreaser and cleaner. May be diluted with water to achieve clean, germ free surfaces. Removes oils, fats, grease and surface soiling. Use on water washable hard surfaces, including stainless steel, ceramic, stone, concrete, PVC, polyethylene and polypropylene. In food production/kitchen areas, leaves no residual taint - Fragrance free.

## KC12 KLEEN HANDS

Kleen Hands is a premium quality pearlised bacterial lather soap and an ideal product where sanitisation is of utmost importance. Kleen Hands is a cosmetic-grade soap formulated to produce a rich, mild foam, which is suitable for use on all skin types. Ideal for use in washrooms, bathrooms and shower areas. Recommended for use in food processing and catering establishments, hotels, bars, pubs, restaurants and canteens, etc.

## KC13 DETERGENT SANITIZER

A chlorine based sanitizing powder for the general cleaning and sterilising of tables, cutting boards, sinks and also to sanitize cutlery, crockery and utensils. A highly effective yet economical product which gives outstanding results with minimal effort.

# PAIN T STRIPPERS

# PAINT STRIPPERS

The removal of surface coatings quickly and effectively while not damaging the underlying substrate is a task few chemicals are capable of achieving. Our specially formulated range of paint stripping products are some of the most advanced in the industry, giving outstanding performance time after time.

## PS1

### STRIP THICK (BRUSHABLE PAINT STRIPPER)

Strip Thick is a highly effective Dichloromethane and Methanol based paint stripper, presented in gel form which clings to the surface for easy removal of paint, primer and graffiti. Simply brush on, allow it to dwell then wash the residue and removed paint away.

## PS2

### DIPSTRIP (PAINT, NYLON AND ACRYLIC STRIPPER)

Dipstrip is a highly effective Dichloromethane and Methanol based paint stripper, which quickly and easily strips surface coating and process residues completely, with no scraping necessary, when used cold with a water seal in a polypropylene dip tank. Ideal for removing paint, resin, grease, carbon and rubber from metallic components.

## PS3

### STRIP THICK "P" (PHENOLIC BRUSHABLE PAINT STRIPPER)

Strip Thick "P" is a highly viscous, Phenol activated Dichloromethane based paint stripper for the removal of paint from vertical or horizontal surfaces. Strip Thick removes the toughest surface coatings such as stove enamel and epoxy resin based paints.

## PS4

### DIPSTRIP 'P' (PHENOLIC ACTIVATED STRIPPER)

Dipstrip 'P' is a Phenol activated Dichloromethane based paint stripper which quickly and easily strips surface coating and process residues completely, with no scraping necessary, when used cold with a water seal in a polypropylene dip tank. Dipstrip 'P' removes the toughest surface coatings such as stove enamel and epoxy resin based paints.

**Please note: Under EU law, Dichloromethane based paint strippers are  
“Restricted to industrial use and to professionals approved in certain EU member states – Verify where  
use is allowed.”**

# SPECIALITY CHEMICALS

# SPECIALITY CHEMICALS

Specific industries and processes require tailor made solutions to maintain process efficiency and cost effective manufacturing. Our ability to “think outside the box” allows us to produce novel and unique solutions to often complex problems.

## SC1 CITURAL

Citural is a highly versatile cleaner based on a synergistic blend of surfactants and solvents. On dilution with water it forms a micro emulsion product which can be used as a water-based degreaser and multi-purpose cleaner suitable for virtually any surface. Citural is a concentrated versatile product which can be diluted 1:4 with water and heated up to 65 deg C if required.

## SC2 SAFETY GEN

A safe to use non-chlorinated hydrocarbon solvent for use in ultrasonic tanks and for cold degreasing of electrical motors as well as a general purpose degreaser for metals, plastics and printed surfaces including chlorinated rubber finishes. Safety Gen has been specially formulated for use where the use of traditional chlorinated hydrocarbon solvents is restricted for toxicity or operational reasons. Safety Gen can also be used as a replacement for 1.1.1 Trichloroethylene in general cleaning where large components are involved and solvent vapours are undesirable.

## SC3 SURE WELD

Sure Weld is an advanced welding anti-spatter product that is oil free and contains no chlorinated solvents. Sure Weld is a low hazard liquid formulation based on aqueous film forming agents, corrosion inhibitors and bactericide.

## SC3 DE-RUST

A viscous phosphoric acid based formulation which provides a quick de-rusting action. De-Rust removes rust, grease, dirt, oxide films and scale from most metal surfaces.

## SC4 ALGAECIDE

Algaecide is a quaternary based product which will kill algae, moss, and mildew safely and effectively. It aids the removal of undesirable growth from masonry and hard surfaces. It can also be used as a high active bactericidal cleaner.

# SPECIALITY CHEMICALS

## SC5 FLOCCULANT

A polyelectrolyte with optimum electric charge to flocculate most particles which normally exist in a deflocculated state of water.

## SC6 DEFOAMER

A concentrated specialised de-foaming agent which can be added to liquid recovery tanks on cleaning machines. Defoamer controls detergent foam from the product being used and counteracts foam from any previous detergent residues on the surface. Suitable for eliminating foaming problems in recovery tanks of carpet extraction/spray extraction machines and scrubber driers, allowing tanks to be used to their full capacity, as well as other applications where the build-up of foam is undesirable.

## SC7 OILGO

This is a versatile product which can be used for the treatment and dispersal of large oil spillages. An essential product for oil companies, tank storage farms, fire brigades, industrial oil and solvent users, docks and harbour authorities.

## SC8 MASK

Highly perfumed re-odouriser for use in sewerage plants, farms and malodourous areas. Mask kills odour producing bacteria and fungi, neutralising unpleasant odours. Recommended for use in washroom areas, floors, toilets, urinals, drains and cisterns. Also highly effective on waste and rubbish bins, rubbish carts, waste disposal chutes, carpets and entrance matting. It can be used on fabrics, curtains etc.

# TOILET AND WASHROOM

# TOILET AND WASHROOM

Keeping washrooms and toilets clean and hygienic is one of the most important tasks of any maintenance regime, whether it is in domestic, institutional or industrial settings. Our comprehensive range of specially formulated products will allow you to achieve outstanding results on all the surfaces found in washrooms.

## TW1 SCALLETE

Scallete is a viscous blend of acids and surfactants formulated with a pleasant fragrance. Scallete clings to vertical surfaces for enhanced dwell times and better cleaning. The ideal product for the removal of limescale and uric acid from toilet bowls, urinals and toilet areas.

## TW2 PRESTIGE

Prestige is a premium quality pearlised hand and body soap which can be used in any situation where cleaning and sanitising are of the utmost importance. Prestige is a cosmetic-grade soap formulated using the highest quality ingredients to produce a rich, mild foam, which is suitable for use on all skin types. Ideal for use in washrooms, bathrooms and shower areas. Recommended for use in offices, health clubs, hotels, nursing and residential homes.

## TW3 LEMON DISINFECTANT

A QAP30 triple action lemon fragranced disinfectant for general purpose disinfecting and for spray application for odour control. Cleans disinfects and deodorises in one action. Regular application protects surfaces from mould, bacteria and mildew.

## TW4 PINE DISINFECTANT

A QAP30 triple action pine fragranced disinfectant for general purpose disinfecting and for spray application for odour control. Cleans disinfects and deodorises in one action. Regular application protects surfaces from mould, bacteria and mildew.

## TW5 ANTISEPTIC DISINFECTANT

Antiseptic disinfectant concentrate: (RW 3/5) containing 1.2% Chloroxylenols. Designed for regular use on all hard surfaces to maintain clean and hygienic conditions. This product can be used safely on any water washable surface. Ideal to disinfect and deodorise washroom areas, toilets, urinals, floors, drains, rubbish bins, waste disposal chutes, carpets, entrance matting, sunbeds, sports equipment, etc.

# TOILET AND WASHROOM

## TW6 FINESSE

This versatile cleaner and freshener is a pleasantly fragranced product, ideal for virtually any surface. A pH neutral cleaner which cleans and de-odourises in one action. Finesse is an ideal product for swimming pools, shower rooms, changing rooms, baths, saunas etc. An excellent degreaser for hard surfaces which leaves behind a long lingering fragrance.

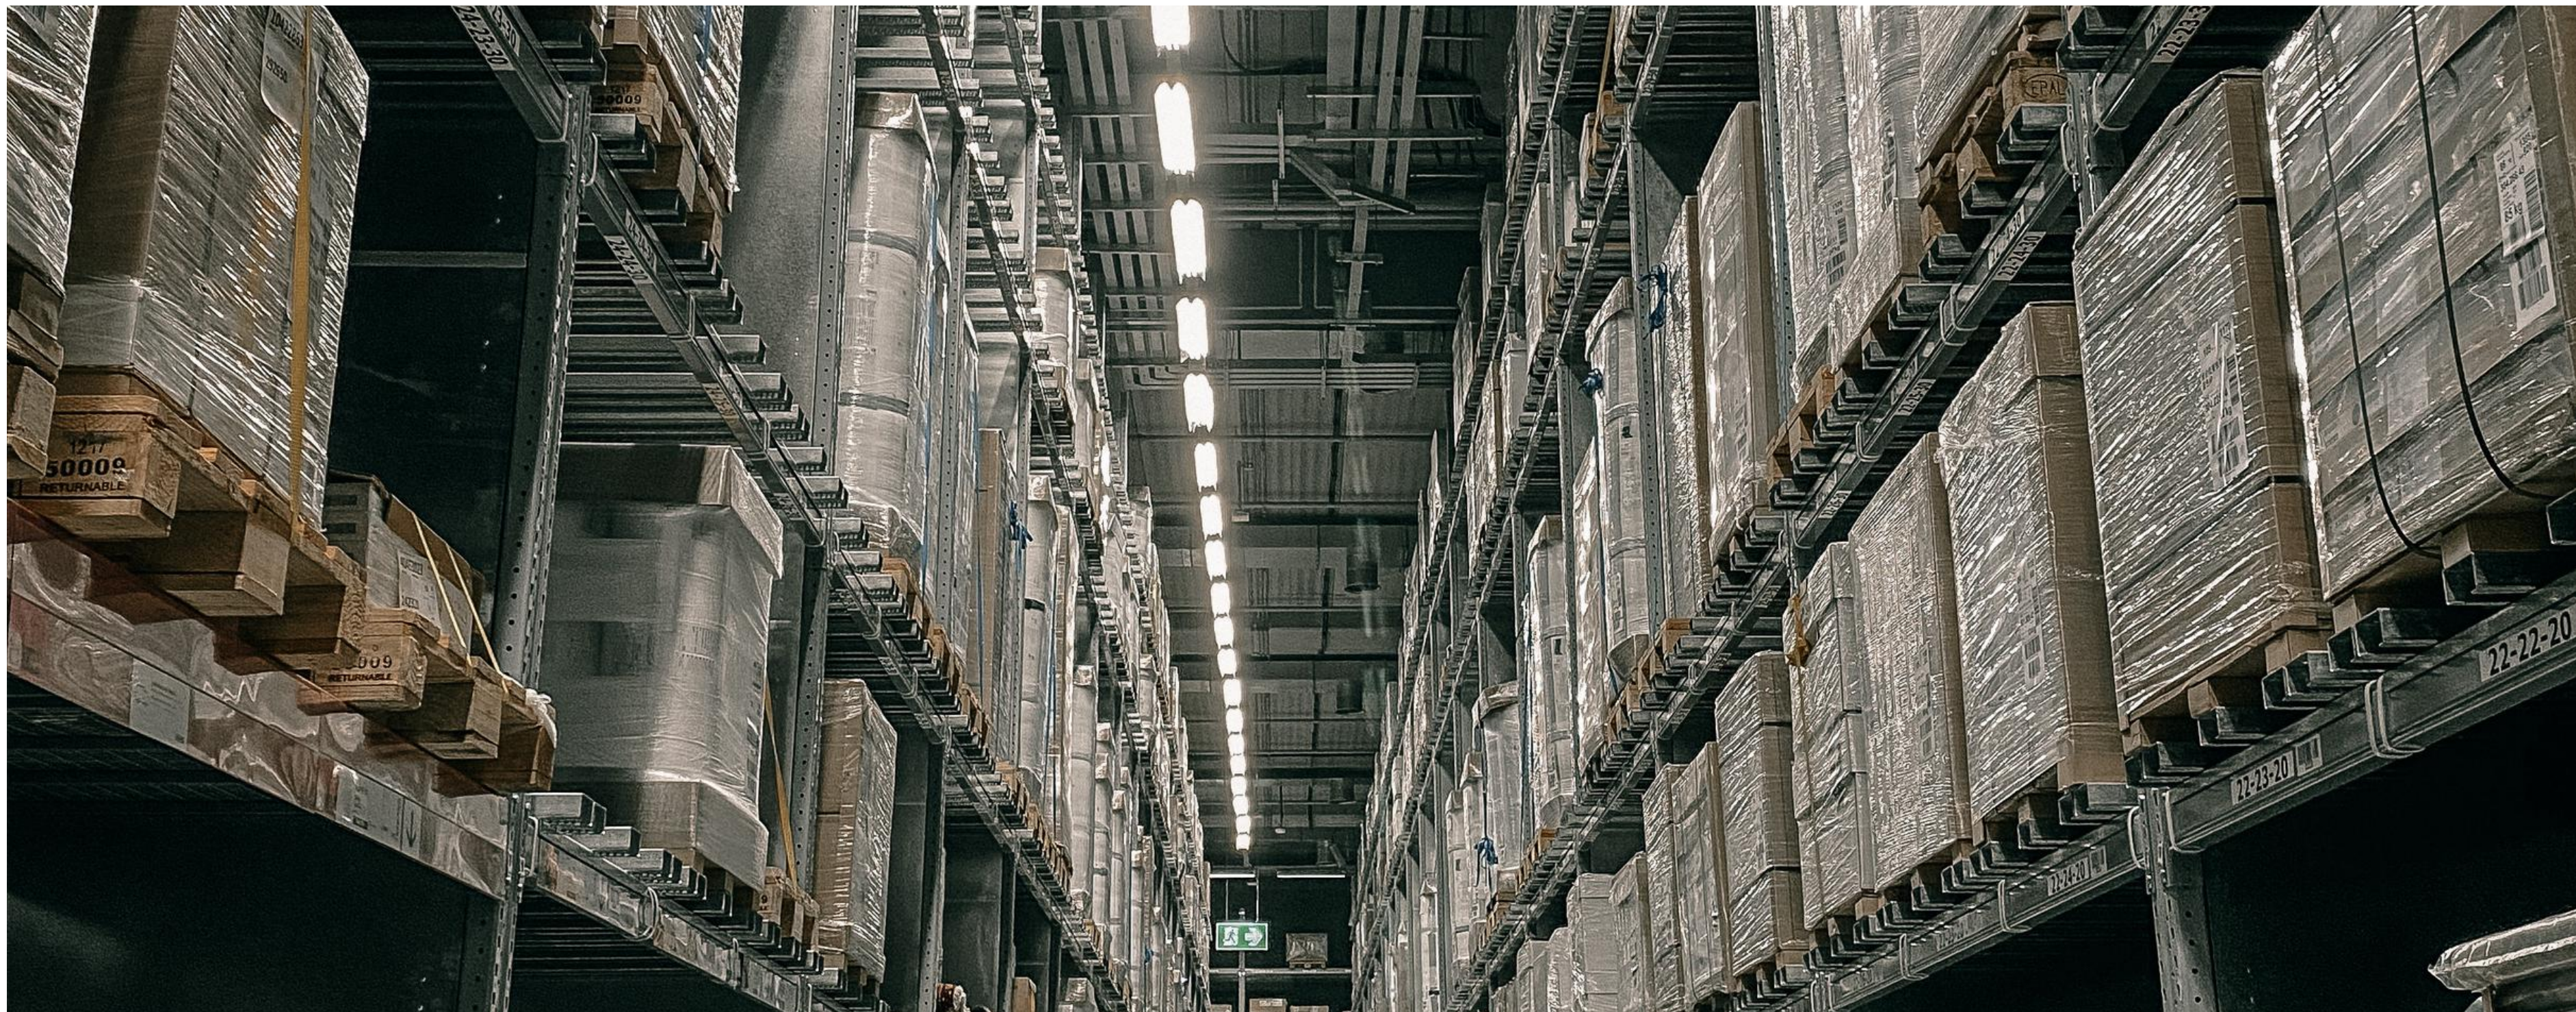

## TW7 MULTI CLEAN

A truly versatile hard surface cleaner which can be used on any surface. Its cleaning properties are boosted by a built-in aqueous co-solvent for excellent grease cutting ability. Multi Clean can be diluted 1:40 with water.

## TW8 CRYSTAL CLEAR GLASS CLEANER

A ready-to-use, multi-purpose alcohol based glass and plastic cleaner for use through a trigger spray, which cuts through grease and dirt to leave a streak and smear-free, sparkling finish. Free from ammonia and abrasives, Crystal Clear is excellent for windows, double glazing, mirrors, glass, display units, glass shelves, ceramic tiles, laminates, stainless steel, aluminium and all hard surfaces. Ideal for use in hotels, offices, shops, stores, airports, public buildings and rooms, leisure centres and nursing homes.
